« DISGUSTING» ILHAN OMAR

Written on 11/11/21, revised on 10/29/24 and completed on September 12, 2025, the day after **Charlie Kirk's** assassination.

In the fall of 2019, I found an interview on YouTube with a veiled woman I didn't know. At the beginning, we see, only from behind, a journalist asking a question about FGM (Female Genital Mutilation) to a woman named ILHAN OMAR.

For a long time, the issue of FGM has been of great interest to me. A few days before I came up with the "APPALLING" that will be discussed here, I had just finished writing a **Manifesto** whose main objective was to vigorously criticize the incompetent UN Secretary-General, Mr. António Guterres, for his **excessive, unacceptable, and irresponsible tolerance** regarding the necessary and urgent global elimination of FGM.

THE UNIVERSAL DECLARATION OF HUMAN RIGHTS AT 70:
STILL WORKING TO ENSURE FREEDOM, EQUALITY AND DIGNITY FOR ALL

Article 1: We are all born free and equal

Subsequently, I wrote another "script" whose central theme concerns the monumental epidemic of « **RAPES** » which has been affecting tens of thousands of Western Women for too long, an epidemic originating from the misogynistic and sexually depraved Islamist movement.

That said, at the time, I knew absolutely nothing about Omar, but my browser told me that she is a U.S. Representative for Minnesota's 5th Congressional District. Anyway, in the video, at one point, I hear Omar, who is Somali by birth, respond:

«Your question is.....**APPALLING**».

APPALLING? Unknown word to me! Quick! My browser again! It offers me five (5) synonyms:

« **Dreadful - Horrible - Shocking - Distressing - Revolting** ».

Everything is fine, I say to myself. This is clear! She is right! The FGM barbarism is indeed something.....

I told myself that everything is fine. It's clear! She's right! The barbarity of FGM is indeed.....

« **Dreadful - Horrible - Shocking - Distressing - Revolting** ».

So I click again to listen to the rest of the video, assuming that it will certainly be interesting and **relevant**. Isn't it always **relevant**, important, necessary and urgent to denounce the horribly misogynistic practice of FGM.

But then, a **huge surprise** awaits me. **Absolutely huge!** It would be more accurate to speak of a monumental and disconcerting disappointment. Indeed, for the one who just shouted «APPALING», it is not clitoral excision that is at issue. NO! In the mind of the American Representative from Minnesota, what is

« **Dreadful - Horrible - Shocking - Distressing - Revolting** ».

..... it's the fact that the journalist **DARED** to ask **HER, HER** in all her **SPLENDOR, HER** in all her **NOBLE GREATNESS**, isn't it, such a **DISGUSTING** question. (APPALLING). In other words, in Omar's mind, the question (FGM) was totally

« **Dreadful - Horrible - Shocking - Distressing - Revolting** ».

I later learned that that Woman I now call « **THE VOMITER** » arrived in the United States in 1995. "*Omar was born in Mogadishu, Somalia. His family was granted asylum in the United States and arrived in New York in 1995*» which is obviously not a problem in itself, since there is no illegality in this immigration.

But I learned also, thanks to a UNICEF report on FGM, what an incredible paradox, I learned that Somalia has the highest rate of Female Genital Mutilation in the world. Imagine! **99%**. That says it all.

Anyway, I ended up thinking that my browser should have suggested a sixth synonym: **DISGUSTING!** In my opinion, Omar's response to the journalist's question was more than completely shameful and immoral. Just like her pretentious character, it was downright.....

DISGUSTING and **EXECRABLE.**

DID YOU SAY « **VOMITER** »?

Over the course of a few additional videos viewed since then, I have come to realize that every time she opens her mouth, it is to **vomit** avalanches of hateful statements against the United States and against Jews in particular and, more generally, against the fundamental values of the West, including of course Women's Rights.

Women's Rights in Somalia?
Totally unthinkable, of course, times 99!

And, faced with the painful reality of **Charlie Kirk's** assassination, shortly after hearing Obama's highly regrettable remarks on the subject, remarks with a clear "D.E.I." flavor, when I heard the Somali Woman begin **vomiting** again unspeakable obscenities, I decided to write what I have just written, what you are currently reading.

Don't touch me, I'm a Muslim!
Don't touch me, I'm a Muslim!
Don't touch me, I'm a Muslim!
Don't touch me, I'm a Muslim!

After having endured too patiently a litany of hysterical screams from the "untouchable Muslim Woman" to make the necessary arrest, the police officer (photo on the right) finally asked a female police officer to intervene, the one whose face, obviously unveiled, appears in the center of the photo on the left.

In my opinion, it was an overly patient decision, like those we find so often these days in Western civilization, which continues to show a regrettable and dangerous inaction in the face of the sadly widespread «**WHITE BASHING**» and even «**WHITE MALE BASHING**».

I am talking here about those very people, the **WHITE MALE** who built almost all of the numerous telecommunications tools and systems.....
BUT NOT ONLY..... that the Muslim world uses on a daily basis. And by the way, my **BUT NOT ONLY**, what exactly does it mean? A first partial answer takes the form of five (5) questions and five (5) answers. Here they are!

What has been the contribution of the Muslim tradition to the development of audio recording, transcontinental telephony, molecular chemistry and universal genomics? The answer is: « **ZERO** ».

What has been the contribution of the Muslim tradition to the development of space exploration, quantum physics, Silicon Valley, piezoelectric transduction and artificial intelligence? The answer is: « **ZERO** ».

What has been the contribution of the Muslim tradition to the development of transistor miniaturization, the nanoscale, optical fiber, atomic medicine and the cathode-ray tube? The answer is: « **ZERO** ».

What has been the contribution of the Muslim tradition to the development of the Unicode standard, the Internet, GPS positioning, transcontinental aviation and the electric battery? The answer is: « **ZERO** ».

What has been the contribution of the Muslim tradition to the development of the electric automobile, the atomic clock, the portable calculator, the refrigerator, the light bulb, the electric stove, the dishwasher, the microwave and the music synthesizer? The answer is: « **ZERO** ».

But if the question had been: «What has been the contribution of «**WESTERN WOMEN**», the answer certainly would not have been « **ZERO** »

«Facts don't cease to exist because they are ignored».

Aldous Huxley

The fact that the important contributions to Universal Human Knowledge of those I have taken care to call "Westerners" have been and still are severely ignored is not surprising.

We still live in a world in which, from an anthropological point of view, **WOMEN NEVER EXISTED**. It's sad, but it's still the case. An anthropological essay on Women? Don't even think about it. It is specially true in the context of the monumental madness of the so-called trans-identity woke movement.

I add that I said "**Western**" because to say "**WHITE WOMEN**" would have been incorrect. Indeed, there have been and still are in Western civilization plenty of "**BLACK WOMEN**" whose contributions to the development of Universal Human Knowledge are quite remarkable and valuable, unlike the

DON'T TOUCH ME!

DON'T TOUCH ME!

DON'T TOUCH ME!

DON'T TOUCH ME!

That said, the police officer, when repeatedly said, «Don't touch me, I'm a Muslim » should have said: « **If you don't want to be touched, go back to where you came from because here in the United States, Sharia law is not the law. And you are not above OUR laws.** »

As a demonstration of the high level of insanity contained in this "don't touch me" affair as claimed by the Obedient, by the Submissive to their husbands --- not at all of the MAHSA AMINI type --- I have added in the center a photo demonstrating the incredible Islamist misogynistic contempt which makes the "closed fist against closed fist" gesture between a Muslim woman and her future husband not authorized before marriage.

I'm talking here of course about a marriage from which a Muslim male can **unilaterally** separate simply by saying three times to his future « ex-wife »:

« **I DIVORCE YOU** », « **I DIVORCE YOU** », « **I DIVORCE YOU** ».

**EVERY 8.41 SECONDS,
A WOMAN IS MUTILATED**

When I first saw the photo of this little girl, it completely "threw me to the ground," disgusted me, shocked me, and revolted me. I immediately saw, if not "heard," let's say through a kind of emotional resonance and not, obviously, in acoustic terms. I "heard" what the gesture of her left arm suggested, what the freshly dried tears under her left eye confirmed. What I "heard," almost instantly, was a **BEAUTIFUL** and freshly **MUTILATED** little girl asking this question:

WHY DID THIS HAPPEN TO ME?

This TikToker DESTROYED The 'Religion of Peace' Narrative

*In the year 2000 in England and Wales, 7,000 reported « **RAPES** ». In the year 2024, 71,00*

And so we are witnessing the great vicious, shameful, feeble, sick, indoctrinated, dogmatized, ideologically idealized, and, to put it bluntly, "deified," that is to say, "Islamized," return of the most vile, lowest military tactic imaginable:

RAPE AS A WAR TACTIC

Raping « Infidels », **raping** « Unbelievers », **raping** « Conquered, **raping** « Un-mutilated (FGM), **raping** « White Women », **raping** « Western Women », English, French, Italian, German, Russian, **raping** Spanish, Dutch, Irish, Portuguese, **raping** Polish, Hungarian, Swedish, **raping** Finnish, Norwegian, Canadian, **raping** Haitian, American, Quebecer, etc.

Rape, is the embodiment of the most abject, criminal, revolting and inhuman hatred. And this is far from the first time in the history of humanity that rape has been used as a weapon of war.

It's so motivating, isn't it? So engaging, exciting, and often tolerated by indoctrinated, fanatical military officials who invite their valiant soldiers to gloriously reward themselves by satisfying their noble and constantly unfulfilled sexual needs. No wonder there are so many volunteers.

AS A CONSOLATION

Given the fact that in my "RE-ROOTING" script, I wrote.....

We must stop apologizing for having been, and still being, the most advanced in the field of music.

We must stop apologizing for having been, and still being, the most advanced in the field of technology.

We must stop apologizing for having been, and still being, the most advanced in the field of science.

We must stop apologizing for having been, and still being, the most advanced in the field of universal knowledge.....

I was so very pleased to learn, a small but precious consolation, to learn that Texas Governor Greg Abbott has passed a law banning Sharia law.

<https://www.youtube.com/watch?v=-LSyvDc6ddg>

On the other hand, I was disgusted to learn that in Dearborn, Michigan, Islamist Mayor Abdullah Hussein Hammoud has **strictly banned any form of criticism of Islam**, even going so far as to tell a **Christian** that he is not welcome in his own town.

<https://www.youtube.com/watch?v=EUOLA68txP8&t=41s>

In fact, to say, to think, to maintain and to claim in 2025 that Islam « **cannot be criticized**», one must be, just like the Iranian Imam Tawhidi pretending that Islam will never change, one must be completely "**disconnected from reality** ».

In other words, one must want to live as in the past, again and again, **a world which, smartphone being, can no longer exist.** — — FULL STOP — — that is to say a world in which, from the point of view of « Women's Rights»..... a world in whichn other words, one must want to live again
