

SECULARISM

The veil is not a religious sign

NEWS - LE JOURNAL DE QUÉBEC - FRIDAY, OCTOBER 28, 2016

Fatima Houda-Pépin tackles the neutrality bill.

According to the former Liberal MP, clothes like the burqa and the chador are symbols of the enslavement of Women. The bill on religious accommodation would allow the wearing of clothing such as the chador, the niqab and the burqa by state employees, denounces the former liberal deputy Fatima Houda-Pépin.

Because they predate the birth of Islam, these clothes are **not religious** symbols but **signs of the enslavement of Women**, protested Ms. Houda-Pépin....

"With the face uncovered, it's the chador. If it is the chador, it must be written clearly so that the deputies know that they are going to vote for the implementation of the chador in the public service of the Government of Quebec. Women fought for equality between men and women, it is not today that we are going to demote because there is a chador walking around in the landscape.

Indeed, Dr. Ali Jumâa, Mufti of Egypt and member of the Academy of Islamic Research: **The veil is in no way a religious sign**. An opinion confirmed by his predecessor, the former mufti of Egypt, Dr Farid Ouassil, who wanted to set the record straight: **We cannot accept that the veil is presented as a religious sign**.

Wearing the veil is to support or tolerate Sharia law, and to support or tolerate Sharia law is to support or tolerate 3,750,000 Female Genital Mutilations (FGM) per year, which is totally incompatible — — **ZERO TOLERANCE** — — with the Human Values of Western Civilization, especially « **Women's Rights** ».

Wearing the veil means supporting or tolerating Sharia law, and supporting or tolerating Sharia law means supporting or tolerating 10 million (10,000,000) per year of « **Legalized Pedophile Marriages** » in Iraq and elsewhere, which is totally incompatible — — **ZERO TOLERANCE** — — with the Human Values of Western Civilization, in particular « **Women's Rights** ».

MAHYAR MONSHIPOUR

French boxer of Iranian origin responding to a comment by a certain Teddy regarding the wearing of the veil in sports..

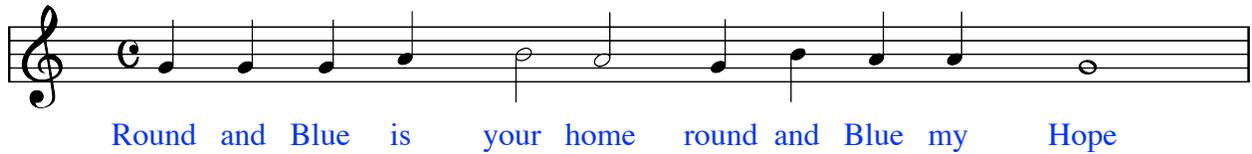

«Wake up, dear Teddy!» Wake up! The veil is not, as you are led to believe, a piece of fabric covering the hair, but a shroud capable of concealing women's bodies from the onset of menstruation, between the ages of 10 and 13. Wearing the veil is the tip of the iceberg of a religious belief, some of which, notably those of the “Muslim Brotherhood,” have a mission to conquer the world. If you don't want your daughter, sister, cousin, neighbor, or acquaintance to one day be forced to wear a veil in France **just to remain tranquil.**
